About the Palestinian Central Bureau of Statistics

Palestinian Central Bureau of Statistics (PCBS) is the central statistical office in Palestine. Its main function is to provide truthful and impartial official statistics on demographic, social, economic and area statistics and trends to serve the Palestinian citizenry, and to serve the instrumental needs of businesses and their organizations for statistical information.

PCBS plays a vital role in providing essential statistical information to the citizens and their organizations as well as elected representatives, scholars, governmental and non-governmental organizations, mass media, the private sector, and international organizations.

By presenting this booklet, PCBS intends to provide easy and accessible statistics covering different areas of the Palestinian society. For more information, please do not hesitate to contact us.

How can PCBS help you?

Over the last few years we have laid great emphasis on developing and enhancing our services in order to meet our users' needs, and to achieve the overall goal of providing our users with better-quality products and services. PCBS' Division of Users Services is responsible for enabling the public to access statistical information on Palestine, and answer specific questions for users on a daily basis through direct communication with PCBS statisticians.

Personal visits to PCBS are encouraged. We welcome you to visit our office:

Unemployed (According to the ILO Standards):

Unemployed persons are those individuals (15 years and over) who did not work at all during the reference week, who were not absent from a job and were available for work and actively seeking a job during the reference week. Persons who work in Israel and were absent from work due to closure are considered unemployed, and also those persons never worked and not looking for work but waiting to return back to their works in Israel and settlements.

Unemployed (According to Relaxed Definition):

The Number of Unemployed Persons was calculated under the definition by adding to unemployed persons according to the ILO Standards, those persons outside labor force because they were frustrated.
